

08 SIMBA® GAS

Live out **loud.**

There's a whole world out there just waiting for you. A world filled with adventure and excitement. All you need is the 2008 Simba Gas from Safari. It's filled with comfortable amenities and convenient touches. And, with a price that's not out of this world, it's easy to make Simba your own. Get ready to take on the world, one adventure at a time.

Hello, world!

WORLD-CLASS LUXURY.

The 2008 Simba focuses on luxury, comfort and choice, with an impressive lineup of eight floorplans. Three floorplans feature our exclusive PanaSuite™ full-wall slides, which create a roomy, uninterrupted space for a truly residential look and feel. We're also introducing a new floorplan, the 36DBD, with a half bath across from the kitchen and a full, private bath at the back of the coach. This year Simba's exterior has been revamped, too, with a stylish new front end cap design and exciting new vinyl graphics over full-body paint.

KEY LARGO INTERIOR WITH NEWPORT CHERRY, 33SFS

WORLD TRAVELER.

It's easy to get comfortable in the Simba's cockpit. There are recliner pilot and co-pilot seats, a dash workstation and a wood center console with recessed tray and two-tier cup holders. You can add optional power sunvisors, rear vision system, GPS navigation and a driver's side door. Let us entertain you with a CD player/radio with Sirius-ready compatibility and a 26" LCD stereo TV in the cockpit overhead.

A WORLD OF WONDERS.

Beautiful Corian® solid surface countertops, a large double-door refrigerator and a convection microwave await you in the spacious Simba kitchen. You'll have plenty of room for utensils and supplies with all the beautiful cabinets. For the ultimate in convenience, you can add the optional washer/dryer combination and the central vacuum system.

KEY LARGO INTERIOR WITH NEWPORT CHERRY, 33SFS

A WORLD OF DIFFERENCE.

A good night’s sleep makes all the difference. And that’s exactly what you’ll get on Simba’s queen-size bed. Before calling it a night, wind down with some TV — a 20” television comes standard. And, there are exterior hook-ups for DSS Dish and cable, as well as a digital satellite system prep.

BEYOND GREAT LOOKS.

Beautiful, raised panel cabinets add richness and sophistication to Simba's interior.

Shown here in the spacious bathroom, these cabinets are built to last with special features like heavy-duty bearing drawer glides, wood cabinet drawer boxes and toe kicks on base cabinets. Satin nickel hardware adds flair, and matches perfectly with the satin nickel lavatory faucet and bath accessories.

PROTECTION

Aluminum
(Butt-Welded)

Alumaframe®
(C-Channel)

The Strength of Alumaframe®

Thanks to our Alumaframe® Superstructure, your Safari coach is built to take on anything the road can dish out. We revolutionized the industry by replacing outdated tubular aluminum construction with our exclusive system of aluminum C-Channel crossmembers. These run the full length of the coach, with double-welded intersections for superior strength. This makes your Safari lighter and sturdier than other coaches and gives you reliability you can count on down the road.

SLIDE-OUT CONSTRUCTION:

When you purchase a Safari coach, you can be sure the slide-out boxes are some of the strongest and most reliable you'll find anywhere. They feature our exclusive multi-layer construction to give you maximum insulation and to reduce the chance of warping, twisting or shifting.

9-Layer Roof (top to bottom)

- One-piece peaked fiberglass roof
- Luaun backing
- Thick, tapered bead foam insulation
- Aluminum double I-beam superstructure filled with fiberglass insulation
- Vapor barrier
- Structure foam: thermal insulative barrier
- 1/2" bead foam insulation
- Foam padding for extra insulation
- Padded vinyl ceiling

5-Layer Sidewall (left to right)

- Smooth gel coat fiberglass
- Interlocking C-Channel filled with 1-1/2" fiberglass insulation bonded in place so it doesn't sag or leave spaces uninsulated
- Vapor barrier
- Bead foam adds comfort, saves energy and provides a thermal insulative barrier
- Interior paneling

4-Layer Floor (top to bottom)

- Structurwood™
- Blue foam insulation
- 1-1/2" aluminum tube
- Three-ply poly underbelly

* Towing capacity is limited by GCWR; your vehicle's towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your owner's manual for further towing information.

** All tank capacities are estimated based upon calculations provided by the tank manufacturers and represent approximate capacities. The actual "usable capacity" may be greater or less than the estimated capacities based upon fabrication and installation of the tanks.

*** Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated. Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Safari provides a weight sticker on each unit we produce which includes that unit's tank capacities and approximate weight. Consult your local Safari dealer for unit availability and further information. The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. Photographs may show props or decorations that are not standard equipment on Safari models. Safari, the Safari logo and its design, are registered trademarks. All other products and company names are trademarks and/or registered trademarks of their respective holders. While the color of the motorhome's exterior and the interior fabrics depicted in this sales brochure are fair and reasonable depictions, the colors depicted may not be an exact match of the actual colors because of the variances in photo-processing and variances caused by inserting the photographs within the sales brochure. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer prior to submitting your order. Component part and appliance manufacturers issue limited warranties covering those portions of the recreational vehicle not covered by the Limited Warranties issued by Monaco Coach Corporation. To learn which specific component parts and appliances are excluded from the Limited Warranties issued by Monaco Coach Corporation, please contact your selling dealership or Monaco Coach Corporation directly, or review the warranty packet inside the recreational vehicle.

BEING DIFFERENT MAKES ALL THE DIFFERENCE.

At Monaco Coach Corporation, we always strive to be the best. And that means thinking outside the box. Giving you more of what you want in an RV. Like our exclusive Roadmaster chassis. PanaSuite™ full-wall slides. And programs like Monaco Financial Services and 24/7 roadside assistance. No other manufacturer can match Monaco's offerings. No one even comes close. Why not discover the difference for yourself? Visit www.monacodifferent.com.
